# FULLY PRODUCTIVE

Time is of the essence on any worksite and the 411 and 417 are designed to provide the fastest cycle times in the business.

## GREATER VERSATILITY

3 or 4-spool hydraulics provide extra versatility, enabling the use of a wide range of attachments.

# FULLY POWERED

Our cutting-edge, Stage V DIESELMAX engine takes power and efficiency to another level, combining efficient driveline and low fuel consumption.

## EFFICIENT DESIGN

Auto engine shutdown feature saves fuel by switching off the engine when left idling.

# FULLY IN COMMAND

Our CommandPlus cab features the latest in ergonomic design, providing optimal control layout, comfort and visibility, enabling even greater operator productivity.

## FEEL THE DIFFERENCE

Fully seat-mounted controls that move with the seat's suspension, make controlling the loader easy.

# FULLY PROTECTED

Superb visibility helps protect operators, bystanders and machine alike at all times. The 411 and 417 also have non-slip surfaces and excellent air filtration.

## SAFELY DOES IT

Our rear-view camera displays an unobstructed rearward view on the in-cab colour monitor.

## FULLY SERVICEABLE

A one-piece bonnet with a large opening and easy ground level access to key components, both help to maximise your uptime.

## FULLY SUPPORTED

LiveLink telematics and world-class aftercare, ensure your machine is performing to its full potential.
